**GLENCOE, June 20, 2010 – Production One Ltd** has entered into an arrangement with the **Embassy of Mexico** and the **Cascadia Hotel and Conference Centre** to produce and present internationally-acclaimed, Mexican Jazz Pianist, **Hector Infanzon** and his Jazz Quartet in Concert, on July 17<sup>th</sup> 2010 at the Hotel’s Grand Ballroom in St. Ann’s, Port-of-Spain.

With its flagship event “**Jazz Artists on the Greens**” firmly positioned as the standard for a true Jazz festival in Trinidad and Tobago annually since 2003, **Production One Ltd** has built a solid reputation over the past eight (8) years for delivering professionally managed, first-class, live-music experiences.

Following the success of this year’s **Jazz Artists on the Greens**, which was held in April, the company in June launched the second season of its **SONGBIRDS...live** Series that features and exposes to the public new, upcoming, female Caribbean vocalists. Presenting **The Hector Infanzon Jazz Quartet in Concert** adds to the Company’s growing list of successful live-music ventures.
